TARGET

kpriet.ac.in

FOCUS

UX Research & UI Design

2026

PROBLEM STATEMENT

The existing KPRIET website contains rich information on academics, admissions, placements, and campus life — but users struggle to find it quickly. Content-heavy pages, complex navigation, and a weak mobile experience reduce the effectiveness of the site in attracting prospective students.

PROJECT GOAL

- ✓ Improve navigation — reduce clicks to key information
- ✓ Enhance visual hierarchy with a clean design system
- ✓ Increase admissions inquiry conversions
- ✓ Mobile-first responsive redesign (375px → 1440px)
- ✓ Simplify access to academic and placement data

TARGET USERS

Prospective
Students

Parents

Current
Students

Faculty
Members

Recruiters

Issue	Severity	Recommendation
Information Overload on Homepage	HIGH	➔ Simplify with cards and tabs
Navigation Contains Too Many Options	HIGH	➔ Implement mega menu structure
CTA Buttons Not Prominent	MED	➔ Highlight 'Apply Now' button
Mobile Experience Broken	HIGH	➔ Mobile-first redesign
Inconsistent Visual Hierarchy	MED	➔ Unified design system
Excessive Page Scroll Length	MED	➔ Content cards and section tabs
Department Pages are Text-Heavy	MED	➔ Use visual card layouts
Admission Process Not Highlighted	HIGH	➔ Dedicated admission journey page
4 High Severity Issues		4 Medium Severity Issues

PSG College of Technology

Coimbatore

KEY STRENGTHS

- ✓ Clean, uncluttered navigation
- ✓ Academic achievements clearly presented
- ✓ Separate tabs for UG/PG programs
- ✓ Good department hierarchy

Adopt: Clear nav + academic organisation

VIT Vellore

Vellore

KEY STRENGTHS

- ✓ Strong admission funnel design
- ✓ Prominent 'Apply Now' CTA everywhere
- ✓ Placement stats front-and-centre
- ✓ Modern UI with hero imagery

Adopt: Bold CTA placement + stats hero

SRM Institute

Chennai

KEY STRENGTHS

- ✓ Student-focused homepage design
- ✓ Excellent placement data showcase
- ✓ Engaging campus life photography
- ✓ Testimonial sections build trust

Adopt: Visual storytelling + testimonials

PERSONA 01

Arun Kumar

Age 18 · Prospective Student · Coimbatore

GOALS

- ✓ Find engineering course details (AI & DS, CSE)
- ✓ Check placement records & top recruiters
- ✓ Understand cut-off marks and fee structure
- ✓ Apply for admission online without confusion

PAIN POINTS

- ⚠ Cut-off information is hard to locate quickly
- ⚠ Too many menu options cause navigation confusion

"I want to check KPRIET's placements quickly and decide if I should apply — the website makes it too hard."

PERSONA 02

Priya's Parent

Age 45 · Parent & Decision Influencer · Chennai

GOALS

- ✓ Verify college reputation (rankings, accreditations)
- ✓ Check placement records and highest packages
- ✓ Understand hostel facilities and fees
- ✓ Find contact details and campus location

PAIN POINTS

- ⚠ Important information scattered across multiple pages
- ⚠ Hostel and facilities details difficult to locate

"I just want to know if this college is good, what placements are like, and whether the hostel is safe."

💡 Key Insight: The lowest satisfaction point (3/10) occurs at the Decision stage — when users need to find admission details, fees, and campus info but can't locate them quickly on the current site.

Mobile-first CSS design approach

Sticky 'Apply Now' button on mobile

Hamburger menu below 768px

Touch-friendly tap targets (min 48×48px)

BEFORE vs AFTER

✗ BEFORE — Existing Website	✓ AFTER — Redesigned KPRIET
✗ Information-heavy, dense homepage	✓ Clean hero + card layout sections
✗ 60+ link flat navigation menu	✓ Task-based mega menu, 7 categories
✗ No visible 'Apply Now' CTA	✓ Persistent amber Apply Now in nav & hero
✗ Fixed-width, broken on mobile	✓ Fully responsive — 375px to 1440px
✗ Text-heavy department pages	✓ Visual card layouts with icons & data
✗ Admission process buried in sub-pages	✓ Dedicated admission journey page

EXPECTED IMPACT

30% Faster information discovery	↑CRO Improved admission inquiry conversions	WCAG AA Accessibility compliant	A+ Mobile experience for all devices
